Zienamarkos Molla

I am a software engineering student.

I am interested to learn data science because my goal is to be a data scientist who is able to do statistical calculations and data management integrating with software technologies

A simple function for dividing numbers

```
In [1]: def divide(a,b):  
        return a/b  
        divide(5,2)
```

```
Out[1]: 2.5
```

1. Confidence
2. Dedication
3. Hope
